## ILLUSTRATION FOR LENGTHENING & SHORTENING OF CABLE

MAT's Modified Coupling (P/N MAT-1012) can be used to couple together a round cable end (from a cable that has been cut in the field) with a square cable end

MAT's Standard Coupling (P/N MAT-1002) is used to couple two square cable ends

MAT's Field Cut Cable End (P/N MAT-1048) is used to create a square tip on a cable that has been cut (shortened) in the field.
